

## DEEP Lyrics

I can feel my tongue inside my teeth  
I can see the words I want to speak  
I can't get them out  
I can't get them out

We could be wrong we could be right  
We could move back and forth in time  
There's no going back  
Oh there's no going back

I wanna be the ocean in between  
I wanna touch you when I'm touching me  
Come too far  
Swum too deep

Call my name and keep me coming again  
Ooooo  
Call me name and keep me coming again  
Oooo

So come and tell me things I want to hear  
Nothing feels wrong with you my dear  
Running out of time  
I want to cross the line

Let me tell you how this is gonna be  
Gonna stop putting your shit on me  
No we won't stop for you  
Oh no it's not for you

I wanna be the ocean in between  
I wanna touch you when I'm touching me  
Come too far  
Swum too deep

Call my name and keep me coming again  
Ooooo  
Call me name and keep me coming again  
Oooo

Play my game I'm dying to pretend  
I think I'm gonna let you in

From the outside it's easy  
I'm not selfish  
I'm not needy

Call my name and keep me coming again  
Oooooo

Call my name and keep me coming again  
Ooooo  
Call me name and keep me coming again  
Oooo
